## MISSIONS REPORT - JOHNSON UNIVERSITY FLORIDA

Johnson University exists to educate students for Christian ministries and other strategic vocations framed by the Great Commission in order to extend the kingdom of God among all nations. Our vision is to bring glory to God and hope to the world by preparing promising students for excellence in Christian ministry through an affordable community-oriented, Christ-centered education. Johnson University has fostered an environment of academic excellence since 1893. The breadth of program offerings on each campus ensures that students are well prepared to enter the career field of their choice or to pursue further graduate studies. The highly trained faculty is committed to equipping each student with the skills and resources they will need both for their own spiritual formation and for leading others. Small class sizes allow every student to interact with professors, other students, and the course material in ways that lead to learning.

Each of Johnson's undergraduate programs offers both a biblical core and an arts and sciences core to ensure that students are grounded in God's word and God's world. Students prepare to be part of God's work in the world through their major field of study; the various majors and areas of professional study are housed in eight different schools.

We believe life is lived out best in community. Johnson University strives to be more than an academic institution, our students enjoy opportunities to develop life-long friendships through social activities, student housing and mentoring by our excellent faculty and staff. Johnson University offers more than an education, we offer an opportunity for you to fulfill your calling in impacting the world for Christ. For more information check out our website at [johnson.edu](http://johnson.edu).
