- Folks we’ve met have often been connected to our greatest regrets

Review of Last week...

- Guardrails are not placed in the danger zone but the safety zone
- Our culture is perfectly content to settle for painted lines...
- The highway is Not the only place we need guardrails

What is the difference between judgmental, and good judgment?

**Proverbs 13:20**

**Walk with the wise and become wise, for a companion of fools will suffer harm.**
